

CREDITS:

For this task, all the multimedia content, including videos and pictures, has been exclusively created and captured using "Adobe Express." Below, you'll find comprehensive details regarding this content. Every designed material has been officially published. I've included links for each element, and for the website, I've downloaded all the content into a local folder since using the published links was not feasible.

1. Poster of VIZHA: The Author has designed the poster in Adobe Express.
